I went there and found a lady sitting in the lift in the ground floor of the particular building with a girl on her lap. The door of the lift was found open. I was asked to examine the girl lying on the lap of the lady. I came to know on enquiry that the girl was named Hetal Parekh and the lady who was holding her was her mother.

I examined the girl and found her to be dead. In my opinion the death was unnatural. I advised the mother of the girl to call police.
