Statement of Dharmajoy Chatterjee.

[My name is Dharmajoy Chatterjee. I am aged about 26 years. My nick name is Dhama. My father's name is Banshidhar Chatterjee. My address is Vill:Kuludih, P.O. & P.S. Chhatra District Bankura]

I read upto class-XII. We are three brothers and four sisters. On 27.3.89 I got married with Purnima Mukherjee D/o Anil Mukherjee of vill: Jamadaha, P.O. & P.S. Chhatra, Dist. Bankura. My own grand father's name is Ld. Rakhal Chatterjee. My another grand father's family and families of my uncles namely (1) Bhutnath Chatterjee, (2) Ramchandra Chatterjee, (3) Ld. Krishna Chandra Chatterjee also stay in our village. They have got their separate house in the village adjacent to our house. We have 25 bighas of cultivated land.

In the year of 1987 I joined as a Security guard in Security and Investigation Bureau of 1, Adyanath Saha Road, Lake Town. The firm being owned by Sri Shyamal Karkar I was performing duty at Anand Apartment at 57, A & B, Padmapukur Road, Bhowanipur, Cal-20. Sri Nagardas Parekh has been living in flat No. 3A of said apartment with his family. He had a young daughter namely Hital Parekh who was a school student. I had lot of weakness on her. I used to become very much excited seeing her. Finally I started teasing her on her way to school and coming back. I observed that she became very much annoyed on my behaviour but I could not resist myself. On 4.3.90 I got transfer order from my owner through Rezaul Hoque to the effect that I will have to perform duty at Paras apartment from 5.3.90. I understood that it was the result of teasing Hital and I also

understood that Hetal reported everything to the guardian. I became very much angry upon her and decided to take revenge on her. I knew that Hetal remained alone in their flat in the afternoon hours when her mother used to go outside everyday. I chose that period for taking revenge. On 5.3.90 I performed duty at Anand Apartment violating my transfer order. Around 06.00 hrs. on 5.3.90 I shifted my belongings to a nearby abandoned place from the generator room of said building. I decided to flee away after raping and killing Hetal. At about 13.00 hrs Hetal returned from school. At 14.00 hrs. Murem took up duty from me. I went out of the apartment wearing my working Khaki Uniform. Collected my Belongings from the nearby place and went to Victoria. I changed my dress then and put on cream coloured full bush shirt and grey coloured trouser. Then I kept my belongings concealed in the garden of Victoria Park. Then I took meals in a road side hotel at Dharmatala. Around 17.00 hrs I came back near Anand apartment and maintained watch to see when Hetal's mother goes out. Around 17.15 hrs. she went out. I further waited for few minutes. Then I very casually entered the apartment and went to the flat No.3A by lift giving false plea to ring up to our office from that flat. Reaching the flat by lift operated by Ramdhari- liftman I rang the door bell when Hetal opened the door. Seeing me he tried to close the door but I for forcibly entered the flat and caught hold of her and asked not to shout. But she went out of my clutch and entered in a bed room. I was trying to bring her under control and at the scuffling started between us. Due to scuffle my wearing neck-chain - which was given to me by Gora of flat No.3B of said Apartment, and one button of my shirt torn down. I offered a blow on her face and she started bleeding. But still then she was giving

giving resistances. I then pressed her face on the hanging cradle of that room and she sustained further injury. At that she became to some extent tired. I then forcibly laid her on the floor and forcibly put her wearing party out of her person. Then I raped her. But ~~xxxx~~ she was still giving resistance. After completion of rape I pressed her mouth with one hand and pressed her neck with another hand in spite of her resistance. In that process she died. I then got up and raised my penish with her party and threw the same. Then I started searching for valuables in a almirah of that room. I got one ladies Ricoh wrist watch. Meanwhile I heard the calls of Muresh from ground floor. I came to the balcony of said flat and from the balcony saw Pati - the Supervisor came. I told them that I was coming. I further searched the almirah but no other valuables could be found. I then came out of the flat and locked the door pulling the same from outside. I came down the ground floor. As soon as I came down Pati approached to talk to me. But I bye-passed him hurriedly and came outside the building asking Pati to come outside for talk. I talked to Pati on the road and on his queries I replied some false alibi and then came to Victoria. I collected my belongings from Victoria and came to Howrah, leaving Railway Station, left Calcutta by Jagannath Express. Thereafter I was roaming in different places and in the night used to sleep in the different Rail way station to evade my warrant. Meanwhile I stitched a button in my ~~shirt~~ shirt from which one button was torn down at the time of incident of 5.7.90. On 10.5.90 I came to my native place thinking that police was no longer searching me. After returning to my native place I came to know that Police raided our native

place on several occasions in search of me. For that reason I used to sleep at night in my uncle's house.

[I kept the ladies "Ricoch" wrist watch with golden metal band- which was stolen by me from flat No.3A of Anand Apartment on 5.3.90, on the rack of our house. I also kept my garments, by wearing which I committed rape on Hetal Parekh and killed her, on another rack of our house. I will point out those racks and said articles.]
